

Sprint 4 Report: Discussion Points

Sprint Duration: February 25 – March 15

Team Members: Rohit Pillai, Priyanshu Vora, Jenny Dobariya, Harsh Kapoor, Neeti Pandya, Minhazul Islam Mahim

Sprint Goal

Evaluate and refine user authentication and editing experience to ensure a secure, user-friendly, and consistent platform.

Discussion Points

- The team considered approaches for implementing a secure user registration flow.
- The potential use of social sign-up options, such as Google and LinkedIn, was reviewed.
- To maintain a good user experience, it was emphasised that the login/signup interface remain consistent.
- Enhancements to the template editing process were discussed, focusing on ease of use.

Key Outcomes

- Identified secure registration practices to adopt in development.
- Social login integration reaffirmed for seamless access.
- User flow improvements prioritized for consistency.
- Planned upgrades to the editing experience for better usability.

Learnings

- Simplicity and consistency significantly enhance the onboarding experience.
- Social login improves accessibility, but requires careful security handling.
- Early feedback on editing usability prevents future rework.

Next Steps (Finalization)

- Implement secure sign-up and login flows.
- Finalize template editing features and UI consistency.
- Conduct internal testing and polish for final evaluation/report submission.
