

# Meeting Report - February 20, 2025

## Meeting Details

- **Date:** February 20, 2025
- **Time:** 3:00 PM – 4:30 PM
- **Attendees:**
  - Rohit Pillai
  - Priyanshu Vora
  - Jenny Dobariya
  - Harsh Kapoor
  - Neeti Pandya
  - Minhazul Islam Mahim

## Objective

To finalize UI updates, prepare components for progress report submission, and initiate backend setup planning.

## Discussion Summary

- Team reviewed the homepage and navigation experience. Design refinements such as call-to-action placement, theme polishing, and layout alignment were completed for inclusion in the report.
- Resume builder features including undo/redo, save, and download were tested and minor UI bugs were resolved. The team confirmed the core functionality is ready for Progress Report 1.
- Discussions began around backend planning and authentication handling, focusing on how to securely integrate user registration, database schema design, and API logic using Next.js and Prisma.

- Final screenshots and walkthroughs were prepared for inclusion in Progress Report 1, ensuring all completed features are documented.

## Decisions Made

- All major frontend components will be finalized, and only minor styling or bug fixes will be made before the report submission.
- Backend team to begin setting up Prisma schema and preparing authentication routes after submission.
- All current progress to be uploaded and pushed to GitHub before February 22.

## Conclusion

The team is aligned for the Progress Report 1 deadline. With most frontend features completed, efforts will shift toward backend infrastructure and advanced features in the next sprint.
