Objective

To finalize all project components, confirm completion of deliverables, and ensure everything is ready for the Progress Report 2 submission on March 23.

Discussion Summary

- Each team member confirmed the completion of their assigned features. Final changes were reviewed, including improvements based on TA feedback from March 19.
- Core functionalities including login, template editing, Stripe checkout, chatbot, and saving resumes were successfully validated.
- The team reviewed and finalized the content of Progress Report 2, including contribution summaries, sprint documentation, screenshots, and GitHub logs.
- Minor bugs, mostly styling issues on mobile viewports, were fixed during this session.

- The full team cross-verified report content, ensuring consistency between feature implementation and documentation.

Decisions Made

- The team agreed to freeze all development work post-submission unless critical bugs arise.
- Final report will be reviewed once more by all members and submitted before 11:00 AM on March 23.
- Deployment link will be included in the report and also sent to the TA.

Conclusion

The team has successfully completed the development goals for this phase. With the report finalized and deployment verified, the project is ready for Progress Report 2 submission.
